

# FINANCIAL CONSIDERATIONS FOR CHEMICALS AND WASTE MANAGEMENT

---

**IOMC WEBINAR SERIES IN SUPPORT OF SAICM AND THE BEYOND 2020  
PROCESS**

---

29 April 2021

# INTRODUCTION

---

- Integrated Approach to financing of chemicals & waste is the currently 'agreed' approach
- Based on three pillars
- Independent evaluation of the Integrated Approach:
  - **How to make the approach operational at national and subnational levels?**
  - **No dedicated programme on the Integrated Approach that defines expected outcomes and impacts**
  - **Without definitions of what .. impacts could be expected from the integrated approach, its relevance is unclear**
- Webinar will provide case studies under each pillar to clarify & inspire further scale up

# SAICM RESOURCE MOBILIZATION STRATEGY

	How – Integrated Approach		
What – Eligible actions	Mainstreaming	Private Sector Finance	Dedicated external financing
<i>Financing the secretariat (IP4/6)</i>	e.g. Governments sponsor participants to meetings	e.g. Industry secondments to secretariat	e.g. Funds for secretariat activities (meetings, KM etc)
Stakeholders actions  Based on Beyond 2020 Indicators & Targets	e.g. Development assistance for chemicals and waste investments Government budgets for policy & enforcement	e.g. Extended Producer Responsibility and taxes / cost recovery for chemical & waste. Voluntary Corporate Social Responsibility initiatives	e.g. Projects to reduce chemicals and waste such as GEF  Institutional Strengthening, Special Programme

- UNEP Finance VWG proposal: each Beyond 2020 stakeholder produce comprehensive Resource Mobilization Strategy
- Map resource needs to the agreed Indicators & Targets - strengthen resource mobilization efforts
- Strategy to cover both technical and financial resources

## SESSION 1 DEDICATED EXTERNAL FUNDS – STOCKTAKING

- Allocations include all chemicals & waste investments, not just SAICM
- Some of these are limited to governments
- Each has its own governing board

Dedicated fund	Scope/ type of activity	Allocations (2006-date) USD
Special Programme on Institutional Strengthening	Institutional strengthening to facilitate and enable the implementation of the BRS conventions, the Minamata Convention and SAICM. Due to end in 2025	28.6m 2015 - 2020
GEF – Chemicals & Waste focal area	Global environmental benefits in terms of the Stockholm, Minamata, Montreal & SAICM instruments.	1,831m GEF4 to GEF7 incl
Montreal Protocol trust fund	Financial and technical assistance to developing country parties to the Montreal Protocol to comply with the control measures of the Protocol.	2,137m 2006-2020
Quick Start Program	Initial capacity building activities for the implementation of SAICM objectives. Open to all SAICM Stakeholders	48m 2006- 2019 (closed)
Development banks	World Bank/ Regional banks	...
Bilateral funders	GIZ, KEMI, EC...	...

# CASE STUDY: NIGERIA CIRCULAR ELECTRONICS

---

- Government Extended Producer Responsibility system & new Guidelines (2020) which oblige producers to join
- GEF grant to pilot and support Producer Responsibility Organization (financial & technical support)
- Private sector established PRO; and existing investment in registered recycling facilities

✓ In practice there is strong overlap between the three pillars

# POLL

---

- Which of the following have you used to support chemicals management
  - GEF Fund
  - Special Programme
  - QSP
  - Bilateral C&W
  - Extended Producer Responsibility
  - Pollution taxes
  - Subsidies
  - Others (please prepare to describe during the discussion)
