Agenda item:

Welcome and introduction

Organizational Considerations: Role of Convenors/Co-Convenors

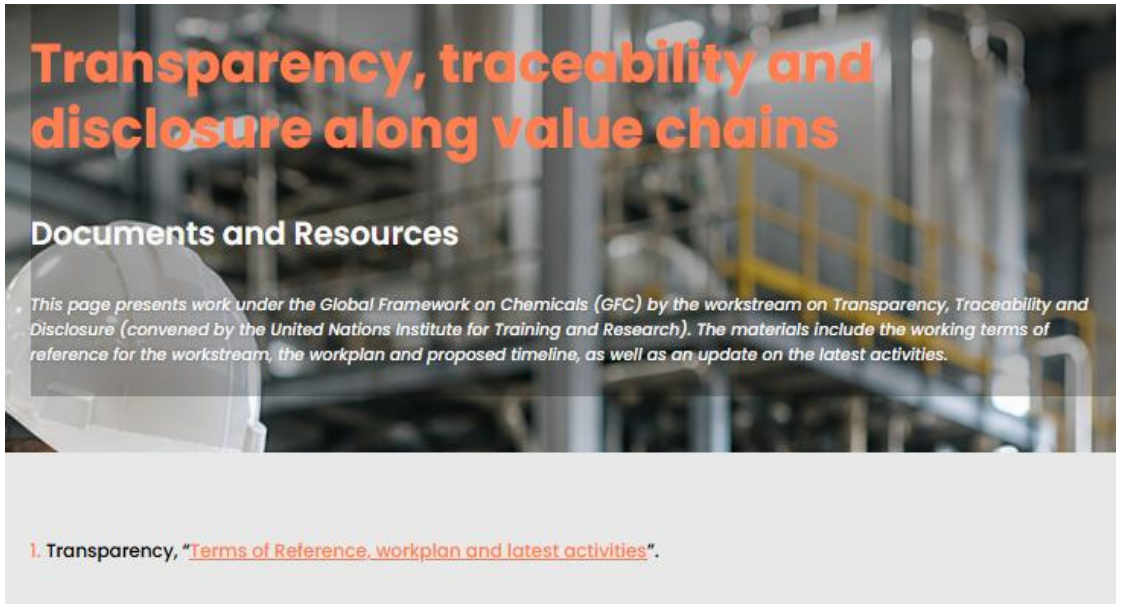

- UNITAR as convenor, on behalf of the IOMC
- Role initially performed by an IOMC Organization (our commitment)
- Engage with GFC stakeholders and maintain stakeholder list
- Organize virtual meetings
- Ensure that work plan development is consistent with overall IP approach

Co-chairs:

- Olga Speranskaya (Hej Support)
- Nick Ball (on behalf of ICCA)

And 2-minute reflections on the benefits of the workstream and how we can build on what already exists

Theme's work so far:

- Working Terms of Reference
- Workplan
- List of stakeholders
- Documents and resources: https://iomcwebinars.org/transparency-traceability-and-disclosure/
- We await outcomes of the GFC-IC1 for decision on IPs and how we can proceed

Workplan

Pre-IC1 (November 2026)

a)	Assessment of user groups, user needs, best practices
b)	Agree working definitions of transparency, traceability and disclosure
c)	Define scope of work of the group
d)	Completed mapping report with recommendations.
e)	Report submitted as input to IC1

Post-IC1 (depending on work during 2026 and outcomes of IC1)

a)	Build consensus around minimum cross-sector transparency and traceability benchmarks (e.g., data fields, disclosure rules, verification, access levels).	Dec 2026-June 2027
b)	Minimum benchmarks endorsed by WG members.	June 2027-December 2027
c)	Advancing Interoperability & DPIS Development	Jan 2027 – December 2027
d)	Submission to IC 2: Proposed benchmarks and recommendations	IC-2
